Why is God, and God alone, worthy of our worship?

Because...

- He is God alone.
- Out of his love for us and patience toward us he continues to try and win our hearts... knowing that the greatest thing for us is to love him in return.
- Jesus is our path, the only path, to eternal life.
- He saves us from less and takes us into more.
- The worship of anything else is just as foolish as what we read in 1 Kings.

Ephesians 2:4-10
